CONNECT WITH WOMEN THROUGHOUT THE CANNABIS INDUSTRY

Signature Networking Events

Women Grow Signature Networking Events connect aspiring and current professionals in the cannabis industry. Through our monthly events, our members develop authentic relationships via personal contact and networking. While our events are women focused, our networking series attracts both men and women. Women Grow Networking Events occur on the first Thursday of every month.

Why Your Sponsorship Matters

As the Cannabis Industry expands, so will the importance of women within the market as influential consumers and business owners. Nationally, women make up the majority of the electorate and are the key demographic to advancing drug reform legislation. Women also control two-thirds of the consumer wealth in the U.S. and make the bulk of purchasing decisions on consumer goods. Your company or organization's sponsorship of Women Grow signals to future customers, employees, and partners that your business is female forward.
